

Data Instruction Form

PHOTOS:

- 1.) ONLY handle dead fish. Especially interested in fresh fish that died before spawning
- 2.) Are any of them showing slight or strong yellow colouring?
- 3.) Place small white paper tag near the fish with the **Date** and **Location**
- 4.) Take photos like below and send to alexandramorton5@gmail.com or via messenger
- 5.) Let me know how many yellowish fish there were and how many (approximately) normal coloured fish there were and about how far upriver they were from the ocean.
